

The Reward Board™ is designed to give you and your students another easy option for selecting incentive merchandise, in addition to your Student Store and Planet Prize. You can easily access your Reward Board account by simply logging in through the Redemption Plus website (www.redemption-plus.com) using your current log in and password, and then clicking on "My Reward Board" on the left side of the page.

You can quickly and effortlessly customize your Reward Board merchandise based on your own criteria. Plus, each item shown will have its specific token rate displayed, as well as the item number to allow for easy ordering.

The students can view your center's selected Reward Board merchandise in three simple ways:

- You can print a mini-poster directly from our website
- You can customize and order a 2' x 3' poster that will be printed and mailed to your center
- You can print a customized catalog with up to 6 items per page and re-print at any time

Each student will have their own individual order form, provided by Redemption Plus, so you can easily keep track of which prize goes to which student. Plus, each item will arrive tagged with the student's name for easy distribution.

Another benefit to the program is that you will receive an email notification alerting you when an item you have selected has been discontinued or is sold out. This way, you can keep your catalog and/or poster up to date!
